## MEZCAL

Mezcal is made from the heart of the agave plant, the most sacred plant in pre-Spanish Mexico, making Mezcal the national spirit of Mexico. All Tequila is Mezcal, but not all Mezcal is Tequila.

Pelotón de la Muerte .....

Meaning the "Brigade to Death" this mezcal holds true to its name with its smooth, soft entry on the palate & finishes strong with just the right amount of liveliness. A stand-by basic, yet classic mezcal with impressive notes of kiwi fruit, lemon zest, dried green peppercorn, classic agave & gentle smoke.

Mezcal Bruxo, Espandin .....

An approachable style of mezcal that's both sweet and floral, with notes of vanilla and honeysuckle flavors up front. Followed by rich notes of roasted agave, earth, citrus peels, chamomile, and a light subtle smoke round to it. It's a great mezcal to sip as a digestif following a big meal!

Delirio De Oaxaca Mezcal Joven .....

Resulting in a robust profile with well-rounded aromas of agave, soft notes of fruit and a semi-smoked character, Delirio mezcal is suitable to sip on or in a cocktail. Following with evolved sensations of pepper and chili that allows this joven mezcal to have lasting sensations beyond the first sip.

Casamigos Mezcal Joven .....

This is the first mezcal release from George Clooney's renowned Tequila brand. It's balanced and elegant, offering harmonious hints of tamarind, pomegranate, banana and mango. Fresh herbal mint aromas, dried oregano and thyme lend character to the mezcal. The delicate tones of smoke, hints of licorice and mineral nuances lead to a long silky finish. Extremely smooth and easy to drink!

Mezcal De Leyendas Guerrero Cupreata.....

Guerrero mezcal is sweet on the tongue & true to the nose with a very lively mouthfeel & pleasant bitterness. Made with agave cupreata it offers flavors & smells of sweet agave, papaya, tropical fruits, & gentle smoke.
